

Inspiration wheel

The Inspiration Wheel is a real eye-catcher in the recreation room, living room, hallway or any other space. You can use the wheel to make a choice between different activities, when you have little inspiration yourself. When you turn the wheel, it is always a surprise what the next activity will be.

The wall game comes with an inspiration package, including: reading the newspaper, reading to someone, having coffee with a neighbour, complimenting someone, playing a game, enjoying the outdoors, listening to music/singing, doing crafts/drawing, viewing a photo album.

Additionally, a blank set of cards can be ordered, so that activities can be added as required that are especially applicable in your organisation. The cards can be easily exchanged by using a special opening on the side of the wheel.

The wheel has a fun sound effect, like coming from the wooden lip at the top.
